FOREWORD

On November 8, 1966, the Higher Education Facilities Act of 1963 was amended to permit the Commissioner of Education to make grants "... to State Commissions for conducting, directly or through other appropriate agencies and institutions, comprehensive planning to determine the construction needs of institutions (and particularly combinations and regional groupings of institutions) of higher education." The Bibliography which follows is composed primarily of research reports and publications developed in whole or in part through grant assistance from the Higher Education Facilities Comprehensive Planning Grants Program.

For further information, or to receive copies of any of the publications referenced in this Bibliography, you are encouraged to contact the appropriate State Higher Education Facilities Commission. An address list for the State Commissions is appended.
